

FM PRODUCTS INC PRODUCT DESCRIPTIONS

Premium Match Grade GI AR-15 Trigger Group

The FM Products GI Style AR-15 Trigger Group from FM Products couples the simplicity and reliability of the standard military M16/M4 trigger with enhancements that give you a smoother, more consistent pull, cleaner release, and less per-travel. Each FM Products GI trigger is made from A2 tool steel - no MIM parts here! - then micro polished to eliminate grittiness or "creep" during the pull. Finally, the hammer and trigger in each FM Products GI Style AR-15 Trigger Group gets a self-lubricating Nickel Teflon coating that reinforces the smoothness of the pull.

The FM-9 GI Style AR-15 Trigger Group has been meticulously engineered by the FM Products team to provide outstanding reliability, performance, and function for tactical, varmint, competition, and sport shooters.

- Supremely hard, highly wear-resistant A2 tool steel construction
- Micro Polished
- Ultra Slick Nickel Teflon
- Premium stainless steel music wire springs included
- Drop-in fit in standard AR-15 lower receiver
- Pins not included - save your (.153" dia.) originals
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications

Premium Match Grade 2 Stage Competition AR-15 Trigger Group

The FM Products Match Grade Competition Trigger Group gives you a smooth, consistent, two-stage pull, with a clean break and little-to-no pre- and over-travel. It's built with a fit, finish, and attention to detail found in very few AR triggers, let alone one at this price-point.

Each FM Products Match Grade Competition Trigger Group is made from A2 tool steel (forget about MIM parts!) to precise dimensions, then micro polished to eliminate "creep" during the pull. Finally, the hammer and trigger in each FM-Products Match Grade Competition Trigger Group gets a super-hard, self-lubricating Nickel Boron coating, the finishing touch to ensure the smoothness of the pull.

FM Products FM-9 Match Grade Competition Trigger Group has the two-stage pull preferred by precision rifle shooters. It gives you excellent control that lets you "stack" the trigger then pause before you completing the pull through the second stage

- Ultra Hard A2 tool steel hammer and trigger
- Micro Polished Trigger and Hammer
- Ultra-hard Nickel Boron coating on hammer and trigger
- Premium stainless steel music wire springs included
- Drop-in fit in standard AR-15 lower receiver
- Pins not included - retain your (.153" dia.) originals
- Ultra crisp 2 stage, less creep, great option for competitive or precision shooters
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications

FM-9 Upper Receivers: Available for Glock or Colt builds

The Foxtrot Mike Products FM-9 Complete 9x19mm Upper Receiver is feature rich and cutting edge. Built from the ground up to provide outstanding reliability and accuracy with a host of top tier features. The traditional M4 charging handle has been replaced with an ambidextrous, non reciprocating forward charging handle. The monolithic style has been achieved with a proprietary interlock between the upper and handguard. Lastly, the slim-line handguard is M-LOK compatible for your favorite accessories.

The FM-9 Monolithic 9mm Upper Receiver can be had in three different barrel lengths, so whether you're building a pistol or a carbine, there's a setup that's perfect for your build.

- Includes M-LOK compatible Handguard
- All three uppers feature an Ultra Light PCC barrel
- Barrel lengths: 16, 10.5 or 8.5 inches
- 16" barrel comes with FM Products Muzzle Brake
- 8.5" and 10.5" barrels come standard with the FM Products Forward Blast Diffuser
- 10.5" Upper Receiver features 8.5" Ultra Light Barrel with a 10.5" Handguard for an ultra compact upper
- Made in the USA
- Type 3 Hard Anodize finish
- Manufactured with ISO 9001 and AS9100 quality certifications
- Ultra Premium, Match Grade, Lightweight 41V50 Barrel 1/2-36" threads
- Ambidextrous para-style folding forward charging handle
- Limited lifetime warranty through Foxtrot Mike Products
- Complete upper includes Ultra Premium Bolt Carrier Group
- Available in either Glock or Colt Style

FM-9 8.5" UPPER RECEIVER

FM-9 10.5" UPPER RECEIVER

FM-9 16" UPPER RECEIVER

FM Products Premium Bolt Carrier Group: Available for Glock or Colt PCC Builds

Feature rich, high-quality, and affordable, Foxtrot Mike Products offer cutting edge solutions utilizing the highest quality materials and manufacturing processes available.

This Premium 9mm Bolt Carrier Assembly is compatible with all 9MM Pistol Caliber AR builds. Maintaining a harder core than standard 8620 steel, this carrier is machined from Premium 4340 Steel. The outside diameter is precision ground prior to machining in a pre-hardened state for improved tolerances post machining and coating. A long duration salt bath nitride finish is applied for a long service life and superior corrosion resistance.

Features:

- Premium 4140 Steel Bolt Carrier
- Long duration, deep penetration Salt bath Nitride Melonite/QPQ finish gives lubricity and wear-resistance
- Removable weight, compatible with all PDW stocks and Captured Recoil Systems on the market
- Ramped to accommodate both MIL-SPEC and 9mm hammers
- Premium 17-4 stainless steel firing pin
- Forged, then precision machined extractor made from S7 tool steel
- M16 profile
- Forward assist serrations
- Manufactured with ISO 9001 and AS9100 quality certifications
- M67 firing pin retainer, made out of 17-4 Stainless Steel
- Premium one piece design, much stronger than 2 piece BCG on the market
- Made in the USA
- Extractor spring and Hardware made to Colt Spec

FM Products Heavy PCC Buffer

The Foxtrot Mike Products FM-9 Heavy Pistol Buffer is the correct weight to ensure reliable cycling of any blow-back operated AR-15 pistol action. With its extended length, the FM-9 Heavy Pistol Buffer requires no spacer and helps prevent bolt catch breakage. By installing this buffer, you'll enjoy smoother function, less felt recoil, and reduced rate of fire from your AR pistol. The FM-9 is compatible with all 9mm upper receivers.

Foxtrot Mike's FM-9 Heavy Pistol Buffer is the secret ingredient to make your AR-15 pistol reliable and smooth-cycling.

- Compatible with all blow-back Pistol Caliber upper receivers
- Long duration, deep penetration Salt bath Nitride Melonite/QPQ finish gives lubricity and wear-resistance
- Heavy 6.4 oz. (pistol) weight
- Extended Length, improves cycling
- No need for a spacer
- Made from Premium 4340 Steel
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications

FM Products Premium 9MM & .45 Caliber Match Grade Barrels

Foxtrot Mike Products FM-9 9mm and .45 Caliber Barrels are precision-machined from high-grade, 41V50 chrome-moly-vanadium steel alloy, and button-rifled for impressive accuracy and match-grade performance. FM-9 9mm Barrels are built to work with all Colt and Glock® style 9mm uppers and come with integrated feed ramps to keep your pistol-caliber AR chambering and extracting rounds smoothly.

Foxtrot Mike finishes each FM-9 9mm barrel with a long-duration, deep-penetrating salt bath Nitride QPQ/Melonite finish for superb resistance to wear and corrosion. You can put a lot of rounds downrange because these barrels are built to handle rapid-fire shooting!

- 1-10" twist stabilizes all 9mm bullet weights
- Long duration, deep penetration Salt bath Nitride Melonite/QPQ finish gives lubricity and wear-resistance
- Made from Ultra Premium true Match Grade blanks
- 9MM barrels come with 1/2"-36 thread, .45 Caliber come with 5/8-24 thread
- Available in 9MM or .45 Caliber
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications
- Ultra Light Weight Profile and Heavy Profiles available
- Comes in (3) lengths, 8.5", 10.5" and 16"

FM Products Premium 5.56 Match Grade Barrels

Foxtrot Mike Products 5.56 Caliber Barrels are precision-machined from high-grade, 41V50 chrome-moly-vanadium steel alloy, and button-rifled for impressive accuracy and match-grade performance.

Foxtrot Mike finishes each 5.56 barrel with a long-duration, deep-penetrating salt bath Nitride QPQ/Melonite finish for superb resistance to wear and corrosion. You can put a lot of rounds downrange because these barrels are built to handle rapid-fire shooting!

- 1-8" twist stabilizes all 55.6 bullet weights
- Long duration, deep penetration Salt bath Nitride Melonite/QPQ finish gives lubricity and wear-resistance
- Made from Ultra Premium true Match Grade blanks
- ½"-28 threaded muzzle ready for the comp/hider/brake/suppressor of your choice!
- Offered in 16" and 10.5" lengths
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications
- Ultra Lightweight Profile
- 10.5" uses a Mid Length Gas system, 16" uses a Rifle Length Gas system

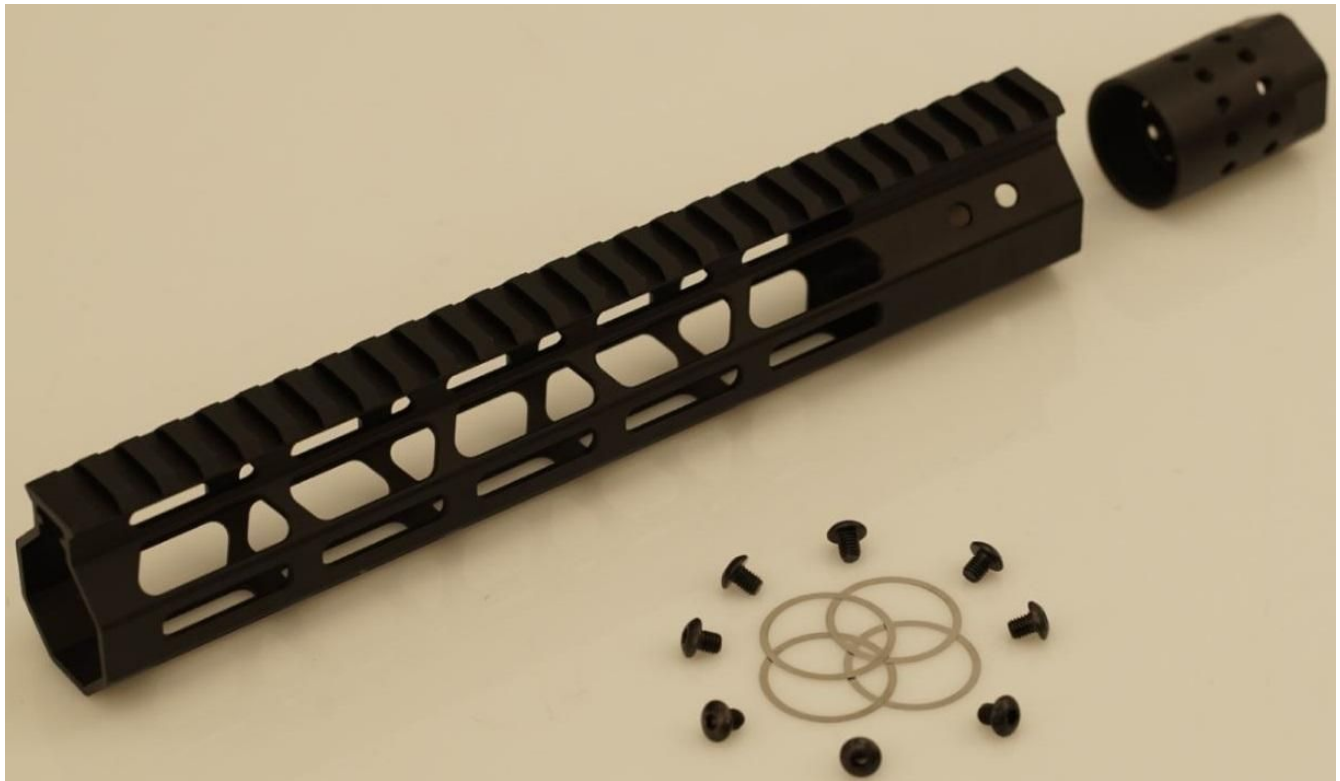

FM Products Handguards

The Foxtrot Mike Products Ultra Light M-LOK handguard features an ergonomic, slim-line design for maximum weight savings and strength. The proprietary barrel nut is machined from steel and easily installs with a standard 1 1/4" crescent or box wrench. The free floated rail is machined from durable 6061-T6 aluminum and mounts to the barrel nut with eight high strength stainless steel screws for a secure and worry free fit.

The lightweight Foxtrot Mike Products FM-9 Handguard is the whole package: the accuracy-preserving benefits of a free-floated barrel plus incredible accessory-mounting freedom. With seven rows of M-LOK slots and a full-length Picatinny rail up top, the FM-9 Handguard gives you acres of real estate for mounting accessories exactly where you want them.

Foxtrot Mike Products provides American consumers with cutting edge products that utilize the highest quality materials and manufacturing processes at an affordable cost. This FM products AR15 free-float handguard is an excellent choice for building a durable, accurate rifle.

- Available in 8.5", 10.5" and 15" lengths - choose as much handguard as you need!
- Manufactured with ISO 9001 and AS9100 quality certifications
- Tough, mil-spec Type III hardcoat anodized finish resists corrosion
- M-LOK attachments at 3, 6 and 9:00 positions
- Made in the USA
- Ultra Light and Ultra Slim profile
- Comes with Proprietary Steel Barrel nut and shims to ease installation
- Compatible with all Upper Mil Spec Upper Receivers

FM Products 9MM Muzzle Brake

The FM Products 9mm Muzzle Brake is the perfect device to stay on target with your favorite Pistol Caliber Carbine. This 9mm Muzzle Brake is right at home on any competition or other 9mm carbine where the minimum amount of muzzle flip & recoil impulse is desired. Machined from steel & finished with a matte black finish, this muzzle device will look good on any AR15 9mm barrel.

- ½-36 Right Hand Thread Pitch
- Made from 4340 Steel
- Long duration, deep penetration Salt bath Nitride Melonite/QPQ finish gives lubricity and wear-resistance
- Made in the USA
- 2” Length
- Manufactured with ISO 9001 and AS9100 quality certifications

Does not include crush washer

FM Products 5.56 Muzzle Brake

The FM Products 9mm Muzzle Brake is the perfect device to stay on target with your favorite Pistol Caliber Carbine. This 9mm Muzzle Brake is right at home on any competition or other 9mm carbine where the minimum amount of muzzle flip & recoil impulse is desired. Machined from steel & finished with a matte black finish, this muzzle device will look good on any AR15 9mm barrel.

- ½-28 Right Hand Thread Pitch
- Made from 4340 Steel
- Long duration, deep penetration Salt bath Nitride Melonite/QPQ finish gives lubricity and wear-resistance
- Made in the USA
- 2” Length
- Manufactured with ISO 9001 and AS9100 quality certifications

Does not include crush washer

FM Products 9MM Blast Diffuser

The FM Products 9mm Blast Diffuser is the perfect device to put on your short barreled Pistol Caliber Carbine. This 9mm Blast Diffuser forces muzzle blast forward, away from the shooter. Great choice for any short barreled Pistol Caliber Builds. Machined from steel & finished with a matte black finish, this muzzle device will look good on any AR15 9mm barrel.

- ½-36 Right Hand Thread Pitch
- Made from 4340 Steel
- Long duration, deep penetration Salt bath Nitride Melonite/QPQ finish gives lubricity and wear-resistance
- Made in the USA
- 2” Length
- Manufactured with ISO 9001 and AS9100 quality certifications

Does not include crush washer

FM Products Monolithic Style, Ultra-Light, M-LOK compatible Matched Set Upper Kits

The Foxtrot Mike Products Ultra Light M-LOK Mololithic Style Matched sets, are perfect for the home builder. The Upper and Handguard offer a seamless transition, which gives the benefit of a Monolithic Upper, without the price tag. The monolithic style has been achieved with a proprietary interlock between the upper and handguard. This also gurantees the barrel nut can never come loose with hard use.

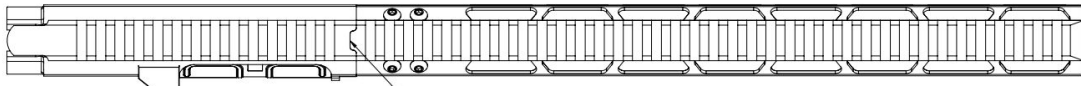

Ultra slim design, reduces weight, and feels great in your hand. The proprietary barrel nut is machined from steel and easily installs with a standard 1 1/4" crescent or box wrench. The free floated rail is machined from durable 6061-T6 aluminum and mounts to the barrel nut with eight high strength stainless steel screws for a secure and worry free fit.

Comes standard with a lightweight Foxtrot Mike Products Handguard, with seven rows of M-LOK slots and a full-length Picatinny rail up top, the FM Products Monolithic Style Matched Set Upper kit, gives you lots of options for mounting accessories exactly where you want them.

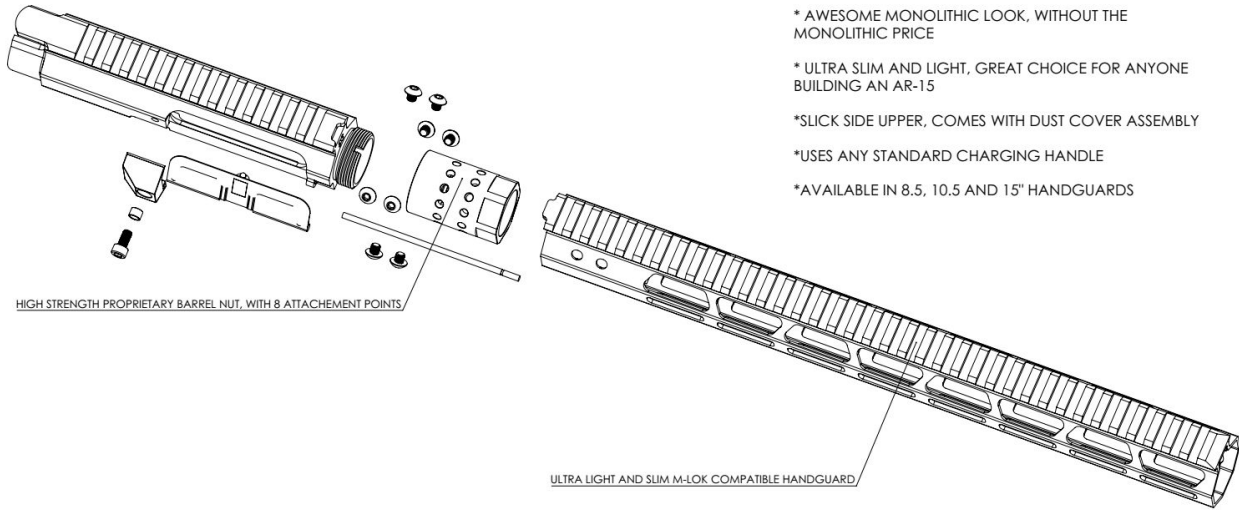

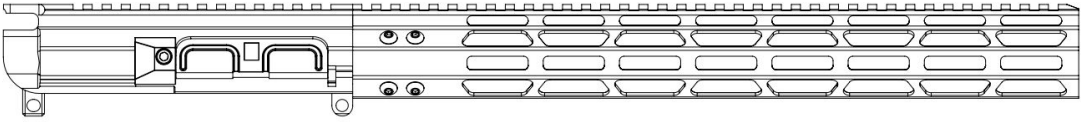

Foxtrot Mike Products uses the highest quality materials and manufacturing processes at an affordable cost. An excellent choice for building a durable, accurate rifle.

- Available in 8.5", 10.5" and 15" length handguards
- Manufactured with ISO 9001 and AS9100 quality certifications
- Tough, mil-spec Type III hardcoat anodized finish resists corrosion
- M-LOK attachments at 3, 6 and 9:00 positions
- Ultra Light and Ultra Slim profile
- Comes with Proprietary Steel Barrel nut and shims to ease installation
- Includes M-LOK compatible Handguard, compatible with all M-Lok accessories
- Made in the USA
- Comes with Dust Cover and Case Deflector
- Limited lifetime warranty through Foxtrot Mike Products

UPPER RECEIVER AND HANDGUARD ARE KEYED TOGETHER, GUARANTEEING THE BARREL NUT WILL NEVER COME LOOSE!

HIGH STRENGTH PROPRIETARY BARREL NUT, WITH 8 ATTACHMENT POINTS

ULTRA LIGHT AND SLIM M-LOK COMPATIBLE HANDGUARD

* AWESOME MONOLITHIC LOOK, WITHOUT THE MONOLITHIC PRICE

* ULTRA SLIM AND LIGHT, GREAT CHOICE FOR ANYONE BUILDING AN AR-15

* SLICK SIDE UPPER, COMES WITH DUST COVER ASSEMBLY

* USES ANY STANDARD CHARGING HANDLE

* AVAILABLE IN 8.5, 10.5 AND 15" HANDGUARDS

FM products PCC Pistol Caliber Receiver Extension Build Kit

FM Products offers a comprehensive Pistol Caliber Buffer Tube Kit for anyone doing a AR style Pistol Build. It's a complete, feature rich package with everything you need to set up the recoil buffer system that's critical to a reliable Glock or Colt style AR pistol build. FM includes a pistol receiver extension ("buffer tube") made of extremely strong yet lightweight 7075 T6 aluminum alloy. Standard with a premium Heavy Buffer, and a PCC specific Recoil Spring.

The Pistol Caliber Buffer Tube has a tough hard-coat anodized finish to resist corrosion and surface wear, with a dry film lube interior coating that promotes smooth movement of the buffer inside and (if you install one) a pistol stabilizing brace on the outside. Inside, the kit comes standard with a Foxtrot Mike 9mm 6.5 oz Heavy Buffer, designed for proper cycling of blowback operated 9mm AR builds. The buffer is made of 4340 carbon steel that has a harder core hardness than standard 8620 steel. QD end plate comes standard, *this kit also comes with a free Pistol Brace Included.*

- Correct 1.12" O.D. pistol-type buffer tube accepts all pistol braces currently on the market
- Correct-weight (6.5 oz.), extra-long, heavy buffer - no spacers required
- Black Urethane insert at rear of buffer cushions it from repetitive impact damage
- Pistol Caliber Specific Stainless steel music wire recoil spring helps ensures reliable cycling with all loads
- Black anti-corrosion finish on spring
- Buffer Tube made from 7075-T6 Aircraft Grade Aluminum
- Standard with Premium QD mount End Plate
- Premium Castle Nut included too
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications
- Free Pistol Brace Included

FM products 5.56 Pistol Receiver Extension Build Kit

FM Products offers a comprehensive 5.56 Pistol Buffer Tube Kit for anyone doing a 5.56 AR Build. The 5.56 Pistol Style Buffer Tube has a tough hard-coat anodized finish to resist corrosion and surface wear, with a dry film lube interior coating that promotes smooth movement of the buffer inside. Inside, the kit comes standard with a Premium 5.56 Carbine Buffer, and comes standard with a QD End Plate comes standard, *this kit also comes with a free Pistol Brace Included.*

- Correct 1.12" O.D. pistol-type buffer tube accepts all pistol braces currently on the market
- Comes standard with a Premium 5.56 Carbine Buffer
- Premium S.S. 5.56 Carbine Recoil Spring
- Buffer Tube made from 7075-T6 Aircraft Grade Aluminum
- Standard with Premium QD mount End Plate
- Premium Castle Nut included too
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications
- Free Pistol Brace Included

FM products 5.56, 6 Position Carbine Receiver Extension Build Kit

FM Products offers a comprehensive 5.56 6 Position Carbine Buffer Tube Kit for anyone doing a 5.56 AR Build. The 5.56 Carbine Buffer Tube has a tough hard-coat anodized finish to resist corrosion and surface wear, with a dry film lube interior coating that promotes smooth movement of the buffer inside. Inside, the kit comes standard with a Premium 5.56 Carbine Buffer, and comes standard with a QD End Plate too, *this kit also comes with a free Rifle Stock Included.*

- Premium 6 Position 5.56 Carbine receiver Extension (Buffer Tube)
- Comes standard with a Premium 5.56 Carbine Buffer
- Premium S.S. 5.56 Carbine Recoil Spring
- Buffer Tube made from 7075-T6 Aircraft Grade Aluminum
- Standard with Premium QD mount End Plate
- Premium Castle Nut included too
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications
- Free Rifle stock included

FM products PCC, 6 Position Carbine Receiver Extension Build Kit

FM Products offers a comprehensive Pistol Caliber 6 Position Carbine Buffer Tube Kit for anyone doing a Glock or Colt style AR Build. The 6 Position Carbine Buffer Tube has a tough hard-coat anodized finish to resist corrosion and surface wear, with a dry film lube interior coating that promotes smooth movement of the buffer inside. Inside, the kit comes standard with a Premium Heavy PCC Buffer, and comes standard with a QD End Plate too!

- Premium 6 Position 5.56 Carbine receiver Extension (Buffer Tube)
- Buffer Tube made from 7075-T6 Aircraft Grade Aluminum
- Correct-weight (6.5 oz.), extra-long, heavy buffer - no spacers required
- Pistol Caliber Specific Stainless steel music wire recoil spring helps ensures reliable cycling with all loads
- Black anti-corrosion finish on spring
- PCC Buffer Tube made from 7075-T6 Aircraft Grade Aluminum
- Standard with Premium QD mount End Plate
- Premium Castle Nut included too
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications

FM products Premium Lower Parts Kits with Nickel Teflon GI Trigger Group

FM Products offers a Premium Lower Parts kit, that utilizes no MIM parts, and comes standard with a Premium Ambidextrous Safety Selector. The FCG is micro polished to eliminate grittiness or "creep" during the pull. Finally, the hammer and trigger in each FM Products GI Style AR-15 Trigger Group gets a self-lubricating Nickel Teflon coating that reinforces the smoothness of the pull. No MIM parts were used in this LPK.

- Trigger Group made from supremely hard, highly wear-resistant A2 tool steel construction
- Micro Polished Trigger Group
- Ultra Slick Nickel Teflon coated Hammer and Trigger
- Premium stainless steel music wire springs included
- Drop-in fit in standard AR-15 lower receiver
- Premium Ambidextrous Selector standard
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications
- Premium Pistol Grip Included

FM products Premium Lower Parts Kits with 2 Stage Nickel Boron Trigger Group

FM Products offers an Ultra Premium Lower Parts kit, that utilizes no MIM parts, and comes standard with a Premium Ambidextrous Safety Selector. The FM Products Match Grade Competition Trigger Group gives you a smooth, consistent, two-stage pull, with a clean break and little-to-no pre- and over-travel. No MIM parts were used in this LPK.

- Trigger Group made from supremely hard, highly wear-resistant A2 tool steel construction
- Micro Polished Trigger Group
- Ultra Slick Nickel Boron coated Hammer and Trigger
- Premium stainless steel music wire springs included
- Drop-in fit in standard AR-15 lower receiver
- Premium Ambidextrous Selector standard
- Made in the USA
- Manufactured with ISO 9001 and AS9100 quality certifications
- Premium Pistol Grip Included

FM Products Complete Premium Billet Pistol Lower Receiver

FM Products offers a Premium Complete Premium Billet Pistol Lower Receiver, it comes standard with a Lower Parts Kit, that utilizes no MIM parts, and comes standard with a Premium Ambidextrous Safety Selector. All our Billet Lower Receivers come with our patented, proprietary Last Round Bolt Hold Open, the best on the market. It also comes standard with a Match Grade Nickel Boron Competition Trigger, an Ambidextrous Safety, S.S. .308 Carbine recoil Spring and 6.5 oz heavy buffer standard. *Best of all, each Premium Billet Pistol Lower Receiver comes with a Free Pistol Brace.*

- Trigger Group made from supremely hard, highly wear-resistant A2 tool steel construction
- Micro Polished Trigger Group, coated in Ultra Slick Nickel Teflon
- Premium stainless steel music wire springs included
- Standard with Premium 6.5 oz Heavy Buffer included
- Premium Ambidextrous Selector standard
- Utilizes the Best LRBHO on the market
- Made in the USA
- Precision Machined out of 7075 T6, Aircraft Grade Aluminum
- Lower Receiver coated in Hard Mil Spec Type 3 Anodizing
- Manufactured with ISO 9001 and AS9100 quality certifications
- Premium Pistol Grip Included
- Standard with QD End Plate too
- Patented Proprietary Last Round Bolt Hold Open, best on the market
- 1.2" 7075-T6 Pistol Buffer Tube, coated in
- Premium Pistol Grip Included
- Free Pistol Brace Induced

FM Products Complete Premium Billet Carbine Lower Receiver

FM Products offers a Premium Complete Premium Billet Carbine Lower Receiver, it comes standard with a Lower Parts Kit, that utilizes no MIM parts, and comes standard with a Premium Ambidextrous Safety Selector. All our Billet Lower Receivers come with our patented, proprietary Last Round Bolt Hold Open, the best on the market. It also comes standard with a Match Grade Nickel Boron Competition Trigger, an Ambidextrous Safety, S.S. .308 Carbine recoil Spring and 6.5 oz heavy buffer standard.

- Trigger Group made from supremely hard, highly wear-resistant A2 tool steel construction
